

TOWNSHIP OF EDWARDSBURGH CARDINAL

Dundas Street Engineering Design

RFP-EC-ES-25-04

ADDENDUM NO.1

TENDER ISSUED: March 7, 2025

This addendum has been issued to summarize and answer questions received on March 18, 2025.

- 1) Will the Township be providing geotechnical borehole data and a geotechnical report for Dundas Street or is the consultant required to undertake the geotechnical investigation?

The Township will be completing geotechnical work this spring on Dundas Street. The successful bidder will receive a copy of the geotechnical report.

- 2) Does the township have any as-built information or GIS for the existing underground infrastructure that we can use to review the pipe elevations for water/sanitary/storm?

There are no as built drawings or GIS data available for underground infrastructure on Dundas Street West.

- 3) Does the township have geotechnical report available along the limits of the project

The Township will be completing geotechnical work this spring on Dundas Street. The successful bidder will receive a copy of the geotechnical report. Part A, bullet # 3 in Request for Proposal requests that mapping of the storm main catchment area be completed to determine the project limits.

- 4) What is the anticipated construction date?

Construction is anticipated to be in 2026.
